

"Don't Get Caught Uncovered"

Patio Bra™

Word of Mouth

"Thanks for the great job "Patio Bra." You have been in place for months, rain and shine. You are a '10'."

– Murray N

"We LOVE our Patio Bra! It is the perfect solution for rain-proofing our patio cover so we can BBQ all year. We had the Patio Bra installed about two weeks ago and have already enjoyed outdoor living while it's raining - hooray!"

– Bill and Carol V

"We just wanted to let you know how happy we are with both our atrium cover and our pergola. They look great and are doing just the job they were designed for."

– Roger and Iris B

"Just a note to let you know that we are very satisfied with the Patio Bra you recently installed at our house. During the fierce storm we had, an arbor fell down, and a couple of trees became bent in the wind, but the patio bra did not budge."

– Mildred B

"We have had our patio bra for several months now. It worked well in the fall to keep the patio cool and is working now to keep the rain off the patio. It held up great in the big winds we had. We're very satisfied with it. Thanks."

– Myron and Helen N

"I am quite satisfied with the Patio Bra that you installed in my back yard. The recent rain and wind storms had little effect on the materials that you used. I think you need to compete with Victoria's Secret in comparing your bras with theirs."

– Richard S

"We love our Patio Bra!"

– Joe & Betty T

Patio Bra™

Enjoy your patio year-round

“Don’t Get Caught Uncovered”

Patio Bra T.M.

The Patio Bra line is a lightweight next-generation addition for lattice patio covers. Made of the highest quality laminated solid vinyl and vinyl encapsulated polyester mesh, Patio Bra outshines the competition by offering the following features and benefits, allowing you to enjoy your patio year-round:

- Cool in summer and dry in winter
- Withstands 90+ mph winds
- Protects patio furniture in any weather
- Extensive array of attractive colors and materials
- Patio Bra provides 70%, 90% or 100% protection, your choice
- Applies to aluminum, wood and vinyl lattice covers
- Custom designed
- Easy to clean and maintain
- Durable
- Affordable pricing
- Comes with manufacturer’s written warranty

An Incredible Array of Colors and Materials to Choose From!

Just imagine the possibilities. With so many colors and materials to choose from, you’re sure to find the perfect match for your patio and your individual lifestyle.

100% Solid: Offers complete protection from the elements.

90% Mesh: Offers excellent shading advantages without trapping heat or air flow.

70% Mesh: Allows greater light transmission and air flow.

All Patio Bras

- Meet California State fire marshal requirements for flame retardency (Title 19)
- Ultraviolet ray and mildew resistant
